PRESS RELEASE

PARIS, 17 FEBRUARY 2026: ESPE TAKES PART IN *"ITALY CORPORATE DAY"* CONFERENCE ORGANIZED BY EUROLAND CORPORATE

Grantorto (Padua), 13 February 2026 - The EPC contractor ESPE S.p.A. ("**ESPE**" or the "**Company**"), parent company of the **ESPE Group**, operating in the renewable energy sector supplying photovoltaic systems and owner of "ESPE" brand technology used in the manufacture of small-medium wind turbines and biomass cogenerators, announces its participation at the "**Italy Corporate Day**" event organized by Euroland Corporate, a company listed on Euronext Growth Paris, first listing sponsor on the Euronext Growth Paris market. Scheduled for 17 February at the Euroland Corporate headquarters in Paris, the conference offers top Italian companies of the EGM segment the chance to engage with financial operators in the French market.

A group meeting with the financial community will enable **Enrico Meneghetti**, Chairman and Chief Executive Officer, and **Alberto Stocco**, Chief Financial Officer and Investor Relations Manager, to set out the consolidated economic and financial results for the first half of 2025, as well as the business model and strategy of the ESPE Group.

The institutional presentation will be posted on the day of the event, both in the Investor Relations/Presentations section of the company website www.espe.it, and in the Stocks/Documents section of the Borsa Italiana S.p.A. website.

As required under article 17 of the Euronext Growth Milan Issuer Regulations, the company has updated its calendar of corporate events for 2026, which now shows the date of Italy Corporate Day and can be viewed on the website www.espe.it in the Investor Relations/Financial Calendar section.

This press release is also available on the company website www.espe.it and on www.1info.it.

ESPE S.p.A.

The company ESPE S.p.A. ("ESPE" or the "Company"), based in Grantorto (Padua), has been active in the energy sector since 1974 and gained a reputation as a developer of innovative solutions for the production of energy from renewable sources. Drawing on over 50 years of experience, ESPE builds industrial electrical installations and advanced automation *systems and is a leading EPC contractor for ground-mounted photovoltaic arrays and solar farms, as well as a System Integrator for complex infrastructure solutions. Over time, the company has expanded its expertise in renewable energy, establishing itself in the photovoltaic, small-medium wind turbine and biomass cogeneration sectors, thanks not least to its ESPE brand proprietary technologies. In 2024, ESPE consolidated its corporate structure through strategic moves including the acquisition of Permatech S.r.l., a company specializing in the development of large scale PV systems, and the purchase of a stake in Rigoni Lab S.r.l., an applied engineering concern, which also had the effect of adding strength and depth to its design skills and operational efficiency. With a view to optimizing the services provided with its offering, and streamlining the organizational structure, O&M operations were transferred to Reflow S.r.l., a subsidiary owned 57% by ESPE. In January 2025, ESPE acquired a 30% stake in Soland S.r.l., a Piedmont-based company operating in the design and construction of photovoltaic and energy efficiency systems, then in July —seeking to strengthen the* ***Energy Security*** *supply chain — a controlling interest of* ***51% in Secur Impianti S.r.l.****, specialist supplier of security and video surveillance systems for infrastructures. Serving a clientèle that includes large industrial groups, SMEs and Italian and international investors, ESPE is well-known as a provider of tailor-made, technologically advanced solutions and as a campaigner for sustainable growth and innovation, underscoring its place among the leading players in the renewable energy sector.*
